"Almonesson Lake"

OUR COMMUNITY IS THRIVING

Deptford Township has undergone tremendous change in recent years. You will notice the new playgrounds, road improvements, new equipment, landscaping projects and so much more. What one cannot see, but certainly feel, is the change in how we see our Township. Community spirit has never been higher. At our events, programs, meetings, even at work, there is an excitement about Deptford Township. Visitors and residents alike are enjoying our shopping district, restaurants and entertainment venues. They know Deptford

is safe, clean, friendly and easily accessible. Our geographical location is perfect. We are ten minutes from Philadelphia, an hour from the shore, and an hour and a half from the Poconos.

For businesses we have access to every major highway and traffic flows easily because of extensive road improvements. Getting to work, day trips, shopping, dining are so convenient. Plus there is so much to do right here. There's great entertainment, a trampoline park, roller skating, bowling, tennis courts, playgrounds, splash pad and walking paths. For nature lovers there

is kayaking and canoeing on Almonesson Lake, the Old Pine Trust Nature Trail, parks at Big Timber Creek & our new dog park. On the government side, Township Council has created new

departments to further our progress. We are constantly reinventing government to fit our resident's needs. This Township Council is the most proactive

burden stable. It may sound like bragging but Township Council is very proud of the changes to our community in the last decade.

In this newsletter you will see a list of what we have accomplished. There is also an article explaining our financial philosophy and goals. There is a shared belief in this administration that we do not do things the same old way because "that's how we have always done it". We are constantly making changes for the better for our community.

Township Council collectively believes that we must constantly evolve and come up with new methods and programs to better serve you. After all, government is

meant to serve and protect our community. Protecting home values, public safety, great schools, beautiful neighborhoods and community spirit are just the start of our philosophy of governing. Council works together with our Police Department, Fire Commissioners, School Board, Library Board, County and State Officials to constantly improve our municipality. In this process we have developed a Business Advisory Board, a Senior Citizen Commission, Public Relations Department, Human Resource Department and much more. We want you to join us in keeping Deptford the best place to live. Hope to see you soon at one of upcoming events.

Call before you dig.**

Statistics indicate that damage from excavation related activities is a leading cause of pipeline accidents. If you are a homeowner, farmer, excavator, or developer, we need your help in preventing pipeline emergencies.

1. Call your state's One-Call Center before excavation begins - regulatory mandate as a state law requires.

2. Wait the required amount of time.

3. A trained technician will mark the location of the pipeline at no cost to you.

Respect the marks. Dig with care.

group of elected officials in the region. There is a new Vacant Property Department which is the only one of its kind in the State. Their goal is to ensure the safety and security of the community by enforcing local and state codes to make sure properties are maintained. We are partnering with the Deptford School District to work together on programs

and cost sharing, all with the goal to make our schools the best in the State. We have teamed up with Rowan College at Gloucester County right here in Deptford to create some unique opportunities for our high school students to get college credits, and even the potential for a degree in their high school years. We have so much more to talk

about. This newsletter will give you great information on Government services and operations. We hope you enjoy it because with so many people getting news from social media we want to ensure you have the facts about Deptford Township. Thank you for your support and we hope to see you soon at an event or around town!

PICKLEBALL

For ADULTS only

Ages 55+

FREE Drop In Program . No Registrations required!

***DEMO INSTRUCTION OCTOBER 10TH!!!!**

When: Wednesday Mornings, 10 AM - Noon

Dates: October 10 - December 12 (10 sessions)

Where: Deptford Township Recreation Center
52 Montague Lane, Deptford, NJ 08096

Any skill level is welcome! Courts are reserved on first come first serve. We will do our best to make sure everyone can play several games!

Pickleball was created with one thing in mind—FUN! Pickleball is a racquet sport that combines elements of badminton, tennis and table tennis. Two, three or four players use solid paddles made of wood or composite material to hit a perforate polymer ball, similar to a wiffle ball, over a net. The sport shares features of other racquet sports, the dimensions and layout of a badminton court, and a net and rules similar to tennis, with a few modifications.

WORKING TOGETHER

Deptford Township has seven elected Council Members that guide local government decisions and vision. We also have an elected Fire Commission that operates our Deptford Fire District. Deptford School District has nine elected School Board member's that hire and advise the school administration. There is a new found sense of teamwork between these elected officials. We hold yearly meetings to bring your elected officials together to meet and share ideas on public safety, emergency operations, projects and sharing what services we provide for a more efficient tax saving operation.

We are working together for the objective of making education, public safety and government services are the absolute best in the State. We have set the bar very high. You are a main part of the equation. Community spirit and unity are the keys to a great Town. For instance our high school students are now getting college credits and school activities like the jazz band and track have State Championships under their belt. The fire district and your individual fire departments are developing junior fire fighter programs that are teaching young adults the importance of getting involved and protecting our neighborhoods. Deptford Police Department is a leader in community policing and involvement in the schools. They operate the Citizen's Police Academy which is a huge success. The EMT Department and Emergency Operations are a model of efficiency.

We have only touched the surface of the great things happening in your town. Keeping you informed ensures transparency. All of us thank you for working together since that is what democracy is all about. The season is changing but our work ethic doesn't.

BRANCH REMOVAL

Ordinance 0.11.12, Titled Branches and Logs. Please adhere to the ordinance to allow us to maintain the regular pick-up schedule.

- **Branches must be able to fit in the yard waste containers.**
- **Branches that cannot fit must be cut to 5' lengths and stacked neatly at the curbline.**
- **All stumps and logs should be free of dirt and debris and cut to 24".**

PLEASE NOTE: THIS SERVICE IS NOT OFFERED TO BUILDERS AND/OR CONTRACTORS. To schedule a prompt pick-up, please call (856) 228-4719 or visit www.deptford-nj.org.

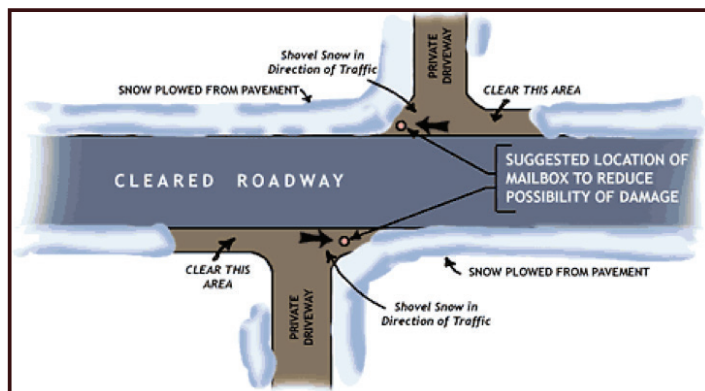

This is the proper way to place branches out for collection.

SNOW REMOVAL

The Township of Deptford needs the help of its citizens to efficiently remove snow and ice from the roadways. We need everyone to keep all vehicles off the street. This includes all registered vehicles and trailers. We intend to plow curb to curb when possible. We have over 500 roads to plow locally and we need 100% cooperation. The following describes the Township's method of snow removal and what you can do to help.

- **The main roadways (those that carry the most traffic) are given first priority for salting and plowing.**
During a heavy snowfall, concentration is placed on the main roadways until they are cleared at which time the secondary roads are attended to. Cul-de-sacs, or circles, are the last to be plowed.
- **Cul-de-sacs are among the most difficult streets to plow and require the greatest amount of time.**
The Public Works department prefers to push the snow off the road leaving the cul-de-sac free from snow piles that could melt and cause icing conditions. This greatly reduces hazardous conditions and prevents pot holes from forming.
- **The Public Works department trucks plow as close to the curb-line as possible.**
This creates a wider roadway for travel and parking. During heavier snowfalls, there are times when snow may get pushed into already cleared driveways and sidewalks. Following the diagram below when shoveling your driveway will help avoid the driveway getting closed during plowing.
- **The snow that is in front of a plow will unload whenever it passes a clear area.**
Providing a clear area on the side of the driveway where the plow will be traveling, will allow the snow to unload in the clearing before your driveway instead of in your driveway.
- **Cars parked on the street become a major problem during inclement winter weather.**
As the plow goes around the parked vehicles, it leaves piles of snow on the roadway. To avoid this, please remove vehicles from the street during snowstorms, in accordance with Township Ordinance.
- **Please avoid driving when it is not absolutely necessary during snow plowing operations.**
Snow plowing, that is normally a routine function, becomes difficult with stalled, stuck or parked cars in the street.

PLEASE DO NOT THROW SNOW INTO THE STREET FROM YOUR SIDEWALK AND DRIVEWAY

REMINDER

NO Plastic Bags

**NO Sticks or
Other Debris**

**Place Leaves at
Curbside**

REMINDER

***NOTE: PLEASE BE PATIENT, THE SCHEDULE IS SUBJECT TO CHANGE DUE TO WEATHER CONDITIONS.**

• Please remember to keep leaves away from vehicles and not to park on leaf piles so leaf machines will have easy access to the leaves. Leaves must be placed at the curb free of any rocks, branches, twigs, dirt, pet waste, horse manure or other debris in order for them to be vacuumed up easily and not cause damage to machines.

• Leaves not put to the curb for pickup during this scheduled leaf pickup will have to wait until the beginning of the Fall Clean Up Program or placed in containers and picked up as part of our Yard Waste Program.

• Please note that our Yard Waste Pickup Program runs all year. Yard waste debris such as grass, flowers, plants, small limbs, and "leaves" are required to be placed in containers or biodegradable paper bags at the curb for pickup.

• Loose leaves placed at the curb, instead of in cans, will only be collected during our scheduled leaf collection programs.

ZONES: As noted below, each "Zone" includes several areas & developments, each with varying amounts of leaves. We will be in each zone three (3) times. Each zone will be completed before moving to the next zone. Every effort should be made to have leaves at curbside before the first day of each scheduled visit to ensure timely pickup. Your cooperation is greatly appreciated.
